★★★★★ Amazing

October 7, 2016

Format: Audio CD | Verified Purchase

This is X Japan's most "mature" album. More ballad heavy than the previous ones, but beautiful writing and clear production makes them absolutely amazing. Hard rock songs like Dahlia, Scars, Rusty Nail, and Drain are more reminiscent of previous work, while ballads like Tears, Crucify My Love, and White Poem I take them to a new level. If only their new album could come sooner...

★★★★★ **as Japanese, I want to hand down the legend band to world.**

March 9, 2004

Format: Audio CD

X Japan, off course in Japan even now it is legend band. Since one of the band, that is, Hide(guitar) was death shockingly, all the Japanese have known about the wonderful band again.

The most wonderful thing of XJAPAN will be the combination of hard rock and classical music. In the world, there are a lot of bands that can play wonderful rock, but there is not the bands that can play with beautiful classical style sounds except XJAPAN. Why could XJAPAN play such beautiful combination music? The answer is YOSHIKI(drums and piano). Since boy, he have studied many music instrument professionally(classical piano, violin, trumpet etc)therefore he knew about the beauty of classical music and the composition skill.

About the beautiful sounds you must know in music[endless rain][say anything].

The album is the latter term for XJAPAN. Therefore the composition ways changed to diffrent way as compared to former stvle. that is. a lot of ballade songs and in composition YOSHIKI used computer when make song.

As Japanese, I recommend XJAPAN. I think that the band is NO1 now.
Thank you for reading my poor writing.

★★★★★ **Timeless, tragic, beautiful.**

April 19, 2003

Format: Audio CD

As a huge X fan, I may be slightly biased, but believe me when I say that Dahlia is a classic. Few bands have the ability to be technically exact and emotionally moving to such a degree. Yoshiki and hide are both geniuses; to have them in the same band just reinforces why X Japan made the kind of impact on Japanese music that they did. The title track is my personal favourite and showcases all of what X do best - incredible guitar work, effective string arrangements, unbelievable drumming and moving melodies.

Every song is a highlight, however. 'Scars' is fast-paced and rocking; 'White Poem' is seductive and mysterious; 'Tears' is the kind of song that goes beyond the emblem of classic into the realm of the greatest musical moments of all time. 'Forever Love' is an acoustic version of a tune recognised by many thanks to the 'X' anime, and is a fitting closer to an album that never stops pulling those strings that make you want to sob. The opening violins of 'Tears' alone are enough to send anyone into a state of unabashed sentimentality.

One of the greatest albums ever? I would argue so. Worth anyone's money. It feels like so much more than just a collection of songs.

★★★★★ X Amazing!!

March 16, 2011

Format: Audio CD | Verified Purchase

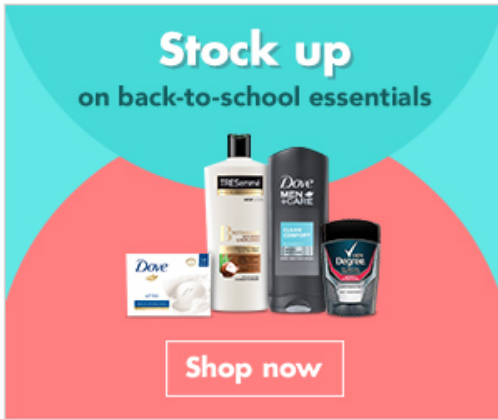

This was X Japans second live album and their frist with Heath on bass. Recorded live at the Tokyo Dome (as the name says) form the bands annual New Year's Eve show. Most of the frist disc is from the bands frist 3 albums save Tears. The second disc is most of the stuff on the bands 5 studio album. Tears is on both discs but the frist is an acoustic take with just harp and Toshi singing. It really gives you a feel for the bands live show! With lots of raw power and beautiful emotion threw out both disc. A month after the release of Live Live Live the band put out Live Live Live Extra (which is hard to find any where even in japan) this had the bass, drum, guitar, and piano solos on it. Also this had one of the bands fastest and hardest songs Orgasm on it which is a crazy good song when do live. The album is a true jem and worth the price! (the only downside for me was that Taiji did not play on the album)
