

Welcome to Longhouse!

Longhouse® provides vibrant households with dementia-focused care for seniors. These small-scale communities offer a place for seniors to thrive with maximum independence and personalized care. Our motto is: If you can't stay at home, stay in a Longhouse!

COMPARE The Advantages

Smaller is Better: Choose the "human scale" option of Longhouse. Smaller is better, especially with dementia-focused care.

Personalized Care Leads to Peace of Mind for Family:

Dad and Mom enjoy personalized care in the comfort of a warm and professionally run household.

Our Employees are the Difference:

Each house has round-the-clock awake caregivers, a Resident Manager, oversight by a Registered Nurse, and caregivers who are certified and fully vetted employees of Longhouse.

Things That Make All Our Lives

Pleasant: Fresh air, natural light, trees and greenery, access to earth and gardens, the sound of birds . . . Longhouse majors in things that make all of our lives pleasant.

PERSONALIZED SUPPORT

With 6 to 15 residents per household, each resident receives gracious and personalized care. A Registered Nurse writes each Care Plan and oversees the care. A Resident Manager is responsible for smooth household operation. And two awake caregivers are available 24/7.

NURSING AND HOSPICE

Nursing services include tube feeding, diabetic care, ongoing wound care for stable, non-healing wounds, and catheter care. We also provide hospice program support so residents don't have to move.

ADULT DAY AND RESPITE CARE

For those who need a safe, gracious place to spend the day. Call for rates.

RATES

The rate for residency is \$8700/month. This is fixed and all-inclusive. Call for additional information.

TERMS

Before choosing Longhouse, you should expect to tour the community and bring your loved one for a meet and greet and an RN assessment. We will make recommendations at that time about the best plan going forward.

CUSTOMER TESTIMONIALS

"You were immeasurably helpful when my father was being released from the hospital. Matt Long, the Director, responded to my call quickly, offered a variety of services and hours, and began coverage immediately upon my Dad's return home. The caregivers were all extremely personable and professional and allowed me to return to my usual routine. Thank you!"

~ Julie B.

"This is in reference to your employee A.L. who is taking care of M.B. I just wanted to tell you what a fabulous employee she is. She is always early, always attentive. I have known M.B. for 40 years. This is the best person I have ever seen take care of her."

An Invitation from the Owner

I personally invite you to consider a Longhouse for your loved one. Longhouse offers a very unique “human scale” household option for seniors that I think you will love.

I received undergraduate and graduate degrees from the **University of Washington**, worked for fifteen years in Senior Housing, and then founded **Husky Senior Care**, one of Seattle’s largest in-home care companies. But the vision was never complete without Longhouse. Now these vibrant households with dementia-focused care are the perfect antidote for seniors who want a household environment. As we say: If you can’t stay at home, stay in a Longhouse!

I invite you to call us to find out more!

Sincerely,

Matthew Long

If you can't stay at home,
stay in a Longhouse!

Choosing the Right Company Makes All The Difference

“Thank you, Matt, and everyone else that we had the pleasure of meeting. You really worked a very necessary “miracle” for us. I'll be telling everyone I meet who needs help caring for their loved ones to give you a call.” - Kari H.

Memberships and Awards

Our Founding

Longhouse® is sponsored by **Husky Senior Care**, a Seattle-based in-home care company that was founded in 2009 to serve the alumni of all colleges and universities. The **Longhouse®** caregivers, communication model, and operation appeal to discerning seniors and their families who demand superior service and outcomes.
