

Advanced Rubber Compound

Proprietary **SertaGrip™** compound increases traction, control and longevity in wet and dry conditions.

All-New Tread Pattern

SilentTread™ pattern uses staggered tuning technology and variable pitch sequence for quiet, comfort and safety.

3D Sipe Technology

Expands and expels elements/substances between the road and tire, providing confident multi-sipe all-season traction, braking and steering control that regenerates with tire wear.

Large Square Shoulder Design

Increases directional stability and precise steering response by making maximum road contact under hard acceleration, braking, and cornering.

Integrated Rim Protector

Shields and protects wheels against damage from daily use including high curbs, cracks, ramps and small objects or debris.

75,000 Mile Warranty

Worry-free 75,000 mile (120,000 km) limited tread life protection with high quality construction and long-lasting performance.
