PROMPT.LY

Increase speed to market. Reduce markdowns

Prompt.ly enables you to print high quality, seamless digital designs directly onto finished clothing and get them to your customers faster. This means you can respond quickly to trends in-market, test and demand.

HOW IT WORKS

Select blank silhouette & choose your Print Online

Manufacture within 24 hours

Ship to consumer

HIGH QUALITY

ALL OVER PRINTING

A technology which prints across seams, lace and embroidery

FEATURES

FEATURES

Speed

Enables quick response to trends

Customization

Allows you to print your own design across seams and edges

Low MOQ

Supply chain savings through reduced inventory and markdowns

Quality

Better hand-feel compared to other D2G technology

Eco-Friendly

99% lower water consumption than screen and roller print models

Onshore

Set up your own DC and distribute locally
