About Us

We started Setlist because we thought there simply must be a better way to get better skin and beauty [care](#). Like you, we found that our lives were busy and that our beauty routines suffered – we skipped steps, had inadequate products or skipped our routine all together.

Our skin and beauty care needs were not being met. As a team of experienced beauty professionals with 50+ years of combined experience, scientific knowledge and passion for beauty, we founded Setlist - the world's first personal beauty care trainer.
