

How it works

Getting things done at your home or office has never been easier. With FIXT you can get any job done by qualified professionals on your schedule.

- ✓ Use the map to find professionals near you, or post a request and get quotes from different service providers.
- ✓ Contact the service professional directly through the app and track how long till he arrives at your location.
- ✓ Simply wait until the service professional is done with his work and rate the provider.

Start Now

Mobile APP

Download our app from one of the mobile app stores and start getting things done around your home or office today. Don't waste your time using traditional methods with fake company reviews, no transparency, and long days off from work waiting around. Our platform is safe, secure, and all of our service professionals have passed their background check.
