Lovely and Soft

Love the size and feel. Bought one then bought two more. I think I am going to get another two to not have to launder them so quickly.

Micro Fabulous

I like the way this towel feels on my hair and gets the water drips out. It doesn't pull out my hair as other towels do.

Works Well

Absorbs water well. Seemed a little small to turban wrap my hair. A few more inches would help...story of my life.
