The ultimate step-up clarinet

The Protégé is your foot in the door to college or the perfect teaching companion. Featuring unstained, naturally-aged grenadilla wood, the barrel, body and bell are all crafted in Canada from the exact same wood used for our professional and custom clarinets.

The Protégé features a professional finish, undercut tone holes, a New Traditional Barrel and Backun Bell. Water resistant black Valentino pads, an adjustable thumb rest with neck strap ring, and a durable backpack case rounds out an impressive list of features at an even more impressive price.

Amazing Instrument

Jordan Mintz on Oct 23, 2019

My recently purchased setup, protege cocobolo w silver keys, cg crystal plus mouth piece, ak lig. The instrument is incredible quality. It looks beautiful, playing amazingly and with ease, I would recommend this clarinet for anyone beginners and professionals alike, when the time comes where my skill level is enough for a custom design clarinet I'm 100% going to choose backun

Great Instrument

Joan W. on Sep 30, 2019

Love the nice full sound throughout the clarinet's range, and the 'playability' of the Protege.

Looks beautiful and sounds great

Jarrett R. on Sep 30, 2019

It has only been one day with the new clarinet. Still breaking it in and my first wood clarinet. Looks beautiful and sounds great. Even though I will not be majoring in music, I plan on playing the Protege for the remainder of high school and in University bands. I will currently play in the Music Ministry at my Church and plan to continue playing my new Backun.

Like I've Never Heard Before

Kirk W. on Aug 08, 2019

This clarinet is absolutely amazing. The response and tone are fantastic! Out of the box it played perfectly in tune using a Backun MoBa mouthpiece and AK Ligature. Its beautiful with the Cocobolo and Gold Keys, the resonance from the Cocobolo is none like I've ever heard before. Thank You Backun for such a wonderful instrument!!!!
