Perfect bookends for the NY lover

December 4, 2019

Verified Purchase **Early Reviewer Rewards** ([What's this?](#))

We have an open shelf bookcase in our living room, so we didn't want anything too bulky. These are the perfect bookends! Since New York is like our second home, these always remind me of my love of the city. I highly recommend these!

Attractive bookends made properly

October 28, 2019

Verified Purchase

These bookends while attractive, are well made. Be careful of cheaper products in this category. If the correct metal alloy is not used, the bookends will bend easily with large books. This product is very sturdy. A good buy. I should know, I'm a design engineer.

Best for small, lighter books

Nice decor piece. It is not very heavy so it's not very sturdy for holding heavier books.
