The Allstate Identity Protection app helps you safeguard your personal information, the data you share, and the relationships you treasure — all from your phone or tablet.

Signing in is simple and secure. In a matter of seconds, you can clear alerts, check your credit, keep tabs on your Identity Health Score, and more — putting advanced identity protection right at your fingertips.

Plus, you can access our Dark Web Intelligence on the go. Unlike other services, We combine artificial intelligence with a network of experienced human operatives to provide unique insight into the dark web.

If something bad happens, you have a dedicated Privacy Advocate® available 24/7 to restore your credit, finances, identity, and sense of security.

So go ahead. Keep loving the internet. A comprehensive approach to privacy and identity protection is here.

Allstate Identity Protection is provided by InfoArmor, Inc., an affiliate of Allstate Insurance Company.
