Launch your design dreams

Launch your design dreams

➔ Share

The **3DEXPERIENCE** Works for Startups Program provides new start-up companies the following benefits:

- 12-month accounts of **3DEXPERIENCE** Works including SOLIDWORKS for CAD, simulation, visualization, and more
- MySolidWorks online training
- Co-marketing opportunities such as speaking at SOLIDWORKS events and promotion in SOLIDWORKS campaigns and social communities
- Design guidance from SOLIDWORKS engineers and technical managers
- Hundreds of white papers, videos, and feature articles with tips and tricks on taking your product to the next level

Eligibility

SOLIDWORKS sponsors early-stage hardware startups with less than \$1MM in funding, less than \$1MM in lifetime revenue, and selling their own physical product. SOLIDWORKS does not accept service companies or consultants.

Design Faster and Smarter with the Power of SOLIDWORKS

SOLIDWORKS® solutions can help boost productivity, harness intelligence, foster innovation, and facilitate collaboration. Through tight integration, SOLIDWORKS tools enable you to leverage 3D models throughout the organization, bringing processes together so you can get products to market faster.

Bring Innovative Products to Market Faster

[MORE LINKS](#)

By providing best-in-class, tightly integrated tools for every area of product development and management, SOLIDWORKS enables enterprises to speed each stage of the development cycle by allowing all disciplines to work concurrently, starting with concepts all the way through to manufacturing.

- Powerful design functionality and ease of use
- Process-driven solutions keep focus on big picture
- Easy-to-deploy data management facilitates collaboration
- Virtual prototyping drives innovation, improves quality
- Integrated design-to-manufacturing gets products built faster
