ee very different criminals plot their own  
 d success: Franklin, a street hustler  
 unities and serious money; Michael, a  
 professional ex-con whose retirement is a lot less rosy than he  
 hoped it would be; and Trevor, a violent maniac driven by the  
 chance of a cheap high and the next big score. Running out of  
 options, the crew risks everything in a series of daring and  
 dangerous heists that could set them up for life.

The biggest, most dynamic and most diverse open world ever created, Grand Theft Auto V blends storytelling and gameplay in new ways as players repeatedly jump in and out of the lives of the game's three lead characters, playing all sides of the game's interwoven story.

All the classic hallmarks of the groundbreaking series return, including incredible attention to detail and Grand Theft Auto's darkly humorous take on modern culture, alongside a brand new and ambitious approach to open world multiplayer.
