management plus

Elegance can offer far more than unsurpassed senior living management services. Working with our affiliated development and investment company Capital Health Group, we can fully coordinate and expedite projects with our partners – all with the same high standards and practices that set us apart from our competitors for every lifestyle of senior living. Visit [our team](#) to learn more about Elegance management.

independent living

Elegance Living management redefines the standard for Independent Living with dedication to providing stylish, maintenance-free living, gracious hospitality and leisure lifestyles that exceed seniors' high expectations for retirement communities. Our exclusive Life2.0 philosophy and programming ensures complete satisfaction for every

assisted living

Elegance Assisted Living combines the maintenance free lifestyle of Independent Living with compassionate care by highly trained caregivers adhering to individualized plans to provide assistance needed for daily living. Opportunities for engagement, entertainment and enrichment activities round out the Assisted Living experience for optimum well-being.

memory support

Elegance has an innovative and updated hospitality-style model for Memory Support services. We've shifted away from outdated Dementia care practices to a holistic approach that benefits overall well-being through customized activities, and our unique and inclusive signature programs.

aspect of Independent Living for active retirees.
