

WILD WILD ANIMALS

SMARTLINKS™

Wild adventures await at Wendy's! Each toy in the Wild Wild Animals collection comes with heavy cardstock and plastic pieces that kids can use to build their very own animals. It also comes with stickers to customize the toys even more. This is the fifth installment of Smartlinks™ and it comes with an added layer of surprise—every toy comes with an adult and baby animal! There are six cute animal families to collect, build and play with: elephant, giraffe, tiger, eagle, alligator and gorilla.
