

FloorScore® certified for superior indoor air quality, Sunco TUFCore™ SPC (Stone Plastic Composite), ESPC (Engineered SPC - ABA structure), and WPC (Wood Plastic Composite) combine the durability, comfort, and waterproof features of luxury vinyl plank with an innovative design and superior sound isolation backing that clicks together with ease. Sunco TUFCore™ stands up to heavy traffic, busy families, and pets. And, its no-fuss maintenance is as attractive as its authentic hardwood looks.

TUFCore™ Vinyl Flooring

- WPC (Wood Plastic Composite)
- SPC (Stone Plastic Composite)
- ESPC (Engineered SPC)

Innovative Design

- No pattern repeat within 60 ft².
- Permanent matte finish to eliminate uneven gloss and loss of gloss.

Repeat Pattern Illustration of 60 ft² Installed Area
