# Huobi Cloud

## A one-stop solution provider for global digital asset exchanges

Help partners build their own exchanges rapidly

### Efficient

Standardized access process and dedicated follow-up during the whole process.  
 Avoid all kinds of complicated tasks in the process of self-building exchanges.

### Diversified Service

Support OTC, crypto-crypto trading, platform tokens listing and other services.

### Top Risk Control

Risk control personnel have extensive professional experience in investment banks and internet companies.  
 Huobi's 6 years of risk control experience is also leveraged to ensure the security and reliability of the exchange.
