Description

Support your companion and keep him going strong with Sentry Joint Health Chewables for Dogs. These soft chews contain a patented cartilage blend with a basic cartilage structure to help support joint health and function. They maintain healthy fluid pressure in your furry friend with MSM while Glucosamine HCl improves the blend's benefits. Glucosamine, a natural anti-inflammatory, also soothes pain and improves lubrication in your pup's joints. Made in the USA with a taste your paw-tner will love, Sentry Joint Health Chewables can be used by all dogs, even those who are healthy.

Key Benefits

- Soft chews for pups that help support joint health and maintain healthy fluid pressure.
Contains a patented cartilage blend with a basic cartilage structure to help support joint function.
Glucosamine works as an anti-inflammatory to soothe pain and improve lubrication in your pup's joints.
Ideal for dogs of all breeds and sizes, even those who are healthy.
Made in the USA!
