HOW TO CARE FOR LEATHER BAGS | WOMEN'S BAGS

If you carry your favorite bag like we carry ours (aka 24/7) accidents happen, from grass and grease to ink and wine. But with a little love, you can keep your bag looking great forever. To [care for your Madewell bag](#), we recommend softening the leather by hand [WHAT DOES THIS MEAN?] and getting it cleaned by a leather specialist. If you absolutely need to clean it at home, then use a good cleaning cream to massage inside and outside of the bag. Let the solution dry on its own for a few minutes before reusing.
