- Neutral pH that's gentle and safe for most floor surfaces.
- Cruelty-free certified by Leaping Bunny.
- Includes (1) .33 oz. Casabella Infuse Meyer Lemon scented Multi-surface Floor Cleaning Concentrate

Description

Spotless floors have never been easier thanks to the Casabella Infuse Meyer Lemon scented Multi-surface Floor Cleaning Concentrate, formulated to deep clean a variety of floor surfaces, including porcelain and ceramic tile, vinyl, linoleum, sealed wood, and more.

Enjoy a cleaner way to clean, refill after refill. Infuse's SaferShine cleaning formula is 10x concentrated, non-toxic, biodegradable and cleans as effectively as traditional floor cleaners.

Plus, it's easy to use. Simply refill the bottle with water, reload the cleaning concentrate, and reuse the bottle and machine washable mop pad, over and over again.

Infuse is tough on dirt, but gentle on the planet: a single truckload of Infuse Cleaning Concentrates can replace 30 truckloads of traditional 32 oz. cleaning liquids. With Infuse, you won't have to worry about harsh chemicals, because all of our SaferShine formulas are non-toxic and free from Phthalates, Parabens and Carcinogens. And with Infuse, you can rest assured that our products are not tested on animals, ever.

A CLEANER WAY TO CLEAN™

Special offers, thoughtful tips, and a heads up on new things. #infuseclean

Reuse is the new recycle. At Infuse by Casabella, our goal is to eliminate excess household waste, one step at a time. While one of our main goals is to eliminate toxins from the home, we also keep a close eye on the environment, which is why we've developed a line of cleaning products which feature washable and reusable microfiber cleaning cloths and mop pads and refillable spray bottles. In choosing reusable products, you'll make a major impact on the health of the environment. Plus, our cleaning solutions are 10x concentrated, which means we don't need to ship as much, and our bottles take up less space. That's a win for you, and a win for Mother Nature. Welcome to Infuse.
