

Meet Whisper, the new hearing system that gets better over time.

Traditional hearing aids don't upgrade themselves. Whisper does.

Try Whisper

Smarter than your average hearing aid.

Always learning and improving with regular software upgrades.

Advanced sound separation technology.

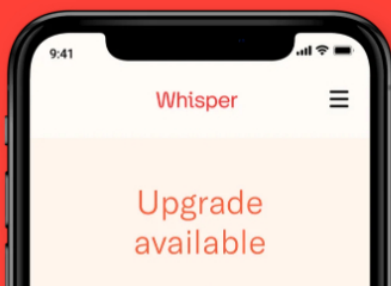

All-inclusive monthly plan.

Ongoing care from a local hearing care professional.

Learn More

Technology that keeps up with you.

Whisper is always improving, thanks to regular software upgrades that may provide enhanced sound processing

capabilities, new features, and more.

Install

How It Works

The Brain behind it all.

What makes the Whisper Hearing System unique? The pocket-sized power and intelligence of the Whisper Brain.

Learn More
