HOW IT WORKS

HOW IT WORKS

1. UPLOAD YOUR DESIGN

Order your print ready artwork by 3pm EDT. Not sure if it's print ready? We'll inspect it for free and let you know if we find anything that may not print well. We'll email you with options for getting your artwork in top shape.

2. WE SCREEN IT

Your custom transfers are ready to ship in 2 business days or less. Each custom transfer is screen printed using spot color or 4-color process. Our one color single image spec set starts at just \$34 with a Setup and ships the next business day.

3. YOU HEAT PRESS IT

Our preferred shipping partner, UPS, will deliver your transfers based on the shipping service you select at check out. Each transfer comes packed with the recommended application settings. Use a commercial heat press to apply your custom heat transfers onto your item.
