

The University of Alabama System Impact

- \$10 Billion**
ANNUAL IMPACT
- 1.7 Million**
PATIENTS TREATED ANNUALLY
- 45,000**
EMPLOYEES
- 70K+**
STUDENTS

A photograph of a modern university building with 'UNIVERSITY OF ALABAMA' engraved on its facade. The image is overlaid with a dark semi-transparent box containing the text 'The University of Alabama System Impact' and four key statistics: \$10 Billion Annual Impact, 1.7 Million Patients Treated Annually, 45,000 Employees, and 70K+ Students.

Individually Distinct. Altogether Stronger.

Comprising three of the most dynamic research universities in the South and a world-class medical center, The University of Alabama System is Alabama's largest employer and a major driver for economic, intellectual, and cultural growth. But the real benefit comes when the System acts as a single, unified entity that shares one common mission for the state of Alabama.

COVID-19 Updates

Our entire UA System – UA, UAB, UAH and the UAB Health System – is dedicating all possible resources to reopen our campuses in a manner that will be the gold standard for colleges and universities across the nation. Chancellor Finis St. John has established a System-wide Task Force to meet our goals using strategies of all kinds: testing measures, enhanced cleaning, classroom procedures, housing policies, security and wellness programs, and more.

UA System Hotline

High ethical standards are vital to workplace morale and productivity, and maintaining them is a core value for The University of Alabama System. The Hotline enables members of the university community and third parties to anonymously inquire about or report actual or potential unethical, unsafe, prejudicial or unlawful behavior they know or believe to be occurring in the UA System.

Zoom Resources/IITS

The UA System's Intercampus Interactive Telepresence System (IITS) is a statewide videoconferencing network. IITS has grown to become Alabama's premier interactive telepresence network. IITS offers a convenient method for remote meetings, online learning, technical support for desktop and mobile devices, and more.
