MYGO CONTAINER™ LARGE, 3-COMPARTMENT REUSABLE TO-GO CONTAINER

🔍 Click to view a larger image

The new MyGo reusable to-go container is ideal for use anywhere you're using Styrofoam or paper disposable take out containers. Unlike other reusable containers, the MyGo has an exclusive gasket design that provides a snug, close-fitting seal all around the lid and between the interior compartments. Each of the internal compartments is sealed off so contents don't intermix. MyGo is ideal for college campuses, school lunch programs, meals on wheels deliveries, sports or activities camps and anyplace you would like to reduce your use of throw-away packaging.
