Welcome to Squad House!

Squad House is a premiere Content House that features TikTok and Youtube Creators, musicians, and Gamers!

Our Los Angeles house is a 3 bedroom home that is located in the heart of Hollywood and is home to gamers, musicians, and other creators.**

Our Florida location is centrally located in a beautiful 8 bedroom house in the Orlando area and is located just a few hours from Miami, Ft. Lauderdale, and Tampa.

Our Virtual program allows creators to be a part of Squad House and are not required to live in one of the facilities, but are still able to create and collaborate with other creators, to entertain and inspire the world.
