BEAUTIFUL CLOCK! The only reason this got a 4 star was because the first one I received the arms on the clock would catch one another causing it to not keep time. I notified wayfair that it was defective & they sent me a new clock that works perfectly! My only advice is make sure you find a stud to hang it on. I used a good size screw... I tried using other things to hang it according to it's weight, but it would pull the piece right out of the wall. [More](#)

We have been very happy with this clock purchase. Be careful with unboxing and handling as the hands of the clock came loose and has to be reset several times. Also, we HIGHLY recommend placing this in the wall with a stud and heavy weight nail kit to ensure it is secure to the wall due to its weight.

Super cute clock! A bit larger than I thought it would be but it works in the space.
