Rug Size: Rectangle 10' x 13'

Love this rug ...perfect size and color to lighten up my living room sofas . After spreading it out the folds fell out within hours . Has a touch of charcoal but it a perfect neutral .

Rug Size: Rectangle 10' x 13'

Really great rug and super affordable for high quality. Nice and soft to the touch and the color is not too dark. Perfect addition to our family room!

Rug Size: Rectangle 10' x 13'

The rug itself isn't terrible. I would probably be okay with the quality (it's a \$200 rug for goodness sake), but the colors weren't what we wanted. We ordered the gray 10x13 and it was darker and more blue-ish gray than we wanted. So we are returning it (thankfully return shipping is only \$6). It also arrived folded instead of rolled up so we've had it laying out for a few days in our spare bedroom with boxes and weights on it, but it's not flat yet. I'll probably try to order a different rug that is rolled instead. [More](#)

Questions & Answers

Q: "How to get folds out?" asked by Shaylyn

A: "We recommend rolling the rug in the opposite direction while applying pressure to the rug. For example, take the edge of the rug and flip it on top of itself slightly where there is a crease or bump, and slowly pull the rug back to its place, while applying downward pressure on the crease. This is the method we use in our facility to remove the creases from the rug. For severe creases, you can steam the rug or you can place it top side down on the floor, place some damp towels on the backside, and iron over them." Vincent from Wayfair on May 03, 2022

Q: "What is the appropriate way to clean/care for the product?" asked by Gene

A: "We recommend spot cleaning with resolve, and regular vacuuming is good, but you can't use the beater bar (spinning brush) on the vacuum. It needs to be suction-only, or take it outside and shake it out. You can use a carpet cleaner (shampooer), but it should be dried immediately and evenly." Vincent from Wayfair on Feb 01, 2022
