Re: Section 7(h) Request for Correction / U.S. Registration Number 3701570

After investigating this matter, I am informed and believe that my client's previous attorney of record mistakenly thought the name of the owner was Trade Marker International, Inc. instead of its real name of Trade Marker International Corporation. This error was made in good faith and with no intent to deceive. Owner did not realize the mistake was made until I, the current attorney of record, saw the error. Owner requests that the registration be changed to its proper name.

Respectfully submitted,

Eric D. Morton
Attorney for Trade Maker International Corporation
