### Product description

Charge all the things

Carpool, anyone? Our crazy-fast dual-port car charger can take your phone from 0-50% in about 30 minutes\*, while leaving another port open for whoever's riding shotgun. Thanks to USB-C Power Delivery, (USB-PD for short) you can fast charge one device and top-off another, without slowing either one down. With 18-watts of USB-C power plus a bonus 12-watt USB port, you've got the green light to leave low battery anxiety in the dust for good.

iPhone charging, lightning fast: Take your iPhone 8 or later from 0-50% in just 30 minutes\*. If you're not a numbers person, that's less than half the time a standard charger takes.

USB-C charging in a flash: Charge USB-C smartphones like Google Pixel from 0-50% in about 35 minutes (larger devices like iPad Pro take a little longer).\*\*

A-whole-nother port: Charge a friend's phone or the kids' tablets in the car, while keeping your own battery at 100% with a bonus 12W port.

\*When paired with a USB-C to Lightning cable, not included. Charge time varies with environmental factors; actual results will vary \*\*Based on charge times for Google Pixel 3 (36 minutes) and Google Pixel 3XL (37 minutes). iPad Pro 12.9 (1st generation) charges 0-50% in around 75 minutes. Fast charge feature requires compatible USB-C device and cable, not included.

Protected by 2-Year Warranty
