How do I install the GameStop Browser Extension Wallet?

1 month ago · Updated

1. Simply visit <https://wallet.gamestop.com> and click the Download button.
2. You'll be linked to the official Google Chrome Store listing for the GameStop Browser Extension Wallet. Remember, never download it from any other place but our official links!
3. Click "Add To Chrome". It's that simple!

Once you have installed the extension, you're ready to [create your wallet!](#)
