WELCOME TO EXP

Thank you for taking this opportunity to visit **EXP Pharmaceutical Services Corp.** Allow us to introduce our capabilities and our service programs associated with serving the pharmaceutical return-for-credit and waste disposal of pharmacy facilities of all types.

It is important to note that EXP creates service programs which our customers desire and deem valuable to them; please note that our introduction should be considered in some respects merely a "template" subject to modification and enhancements as our customers may desire.

EXP is proud to offer the industry's most comprehensive on-site service option. Although there are pharmacies that are served by a mail-in, off-site program, those with larger volumes who have developed a preference for on-site service are satisfied with less. For over ten years EXP has been proud to employ the nation's largest, full-time staff of representatives. Please refer to the map of field offices as illustrated in [Office Locations](#).
