### Reasons to shop from us

For over 13 years, the business side of pharmacies has become increasingly importantly to those of us at EXP Pharmaceutical Services Corp., through our efforts to provide the very best in service and the relationships we have built with you, our customers. An opportunity has come to EXP to offer a line of products that every pharmacy uses. Up until now, the only way to obtain these products has been to place an order online and essentially hope for the best. EXP now offers an alternative to that method when it comes to various types of floor mats used in the pharmacy. With our office locations distributed nationwide, allowing EXP to service every city in America, we can offer follow-up service to you after your purchase.

EXP distributes Wearwell mats, the very finest in the industry. Here you will find Tile-Top SpongeCote mats and Ergo-Stance mats to provide for additional relief from fatigue, Tacky Mats to remove dirt and debris from the bottom of your shoes, and the brand new Autoclavable mats for use in cleanrooms, surgery areas and other sterile environments. Our website is offered for your ease in ordering; but certainly if you have questions or would like to speak to a representative, or should you be considering a special order, please feel free to contact your EXP Field Representative or call us toll-free at (877) 937-4397 or email to [products@expworld.com](mailto:products@expworld.com).

EXP is proud to partner with Wearwell to bring you the very best in pricing on quality products backed by quality companies and people. We know your purchase here will be a positive experience.
