Testimonials

We LOVE our iC3! My son is able to get in TONS of quality shots without having to track down every rebound. Using one ball, he can focus on dribble moves and form. Using two, he can get in many reps. The net is helping reinforce his arc and he enjoys it. Even though his workouts are more efficient, he's actually working LONGER because he doesn't have to chase a rebound which makes it more enjoyable. Assembly wasn't too bad, putting it up and down/storing it is simple! Great product!

Tons of Quality Shots

Ron Gulley | Parent | Snellville, GA
