### The faster, smarter way to drip irrigate your garden

- The only kit with Emitter Tubing
- Precise watering for healthy, beautiful plants, flowers and vegetables

### Attaches easily to your outside faucet

- Includes multi-function Faucet Connection Kit
- Takes care of regulating pressure, filtering sediment and preventing backflow -- the three essentials to make a drip system work efficiently.

### Easy to cut and connect

- Flexible tubing conforms to your garden beds
- Easy to connect with the included barbed fittings
- Provides everything you need to water dense plantings in garden beds and also spot watering for widely spaced plants.

### Each Kit Contains:

- (1) Faucet Connection Kit
- (50') 1/2" Emitter Tubing
- (50') 1/2" Tubing
- (25') 1/4" Tubing
- (2) 1/2" Barbed Couplings
- (3) 1/2" Barbed Tees
- (2) 1/2" Barbed Elbows
- (1) 1/2" End Closure
