

## What makes Elite "elite"

You don't want your colorguard throwing just any old hunk of wood in the air. We don't either.

Meet the World Class, best-selling rifle in the industry! Living up to their name, the Elite rifle series outperforms and outsells competitors year after year, and it is clear why.

Dependable. Elite rifles are used by the world's top drum corps, winter guards and marching bands.

Personalized. The "Official Rifle of WGI" has a variety of options in sizing, accessory color, and strap material, allowing you to outfit your rifle line with exactly what they can handle. From the original Elite 4, to our "twixter" hybrids (Elite 2 & 5), to the harder-skinned Elite Pro's, this series outperforms the rest because it offers exactly what your colorguard needs.

Elite rifles may not be the solution to the holes and dents in the band room ceiling, and they may not prevent scuffs across the music hall floors. But at least you can choose an appropriate design that will make these classic conflicts a little *less* likely to happen.

## Elite Rifles

---

### Elite Rifles

## ELITE 2

---

The Elite 2 rifle is a hybrid of the Elite 3 and Elite 4 rifles. It marries the length of the Elite 4 with a butt plate size similar to the Elite 3. This rifle is a great option for students who want the challenge of a longer rifle, but aren't quite ready to graduate to a heavier rifle.

- Length: 39"
- 4.25" butt plate
- Weight: 2.3 - 2.5lbs
- Cosmetic Options:
  - Rifle Bolt Colors:** silver, black, gold
  - Strap colors (leather only):** Black, White
  - Strap options:** Leather, Web (black), none
  - Unpainted Plain Stock (34"):** \$19.95
  - Plain Stock (34"):** \$20.95

## ELITE 3

---

The Elite 3 rifle is a slightly smaller and slimmer version of the Elite 4 rifle. The slim dimensions of this rifle make it easier for younger performers to toss and control.

- Length: 36"
- 4.25" butt plate
- Weight: 2.2 - 2.4lbs
- Cosmetic Options:
  - Rifle Bolt Colors:** silver, black, gold
  - Strap colors (leather only):** Black, White
  - Strap options:** Leather, Web (black), none

## ELITE 4

---

The Elite 4 rifle is typically used by drum corps and world class winter guards. It looks larger on the field and on the floor due to its length and butt plate. The Elite 4 rifle is typically used by the most experienced performers due to its size and weight.

- Length: 39"
- 5" butt plate
- Weight: 2.4 - 2.6lbs
- Cosmetic Option:
  - Rifle Bolt Colors:** silver, black, gold
  - Strap colors (leather only):** Black, White
  - Strap options:** Leather, Web (black), none

## ELITE 5

The new Elite 5 color guard rifle is a hybrid of our popular Elite 3 and Elite 4 rifles. The length and butt plate gives the illusion of a larger rifle on the field. It is designed to be slightly smaller and lighter than its parents though, allowing performers of any size and strength to toss and control the rifle.

- Length: 37.5"
- 4.75" butt plate
- Weight: 2.2lbs
- Cosmetic Options:

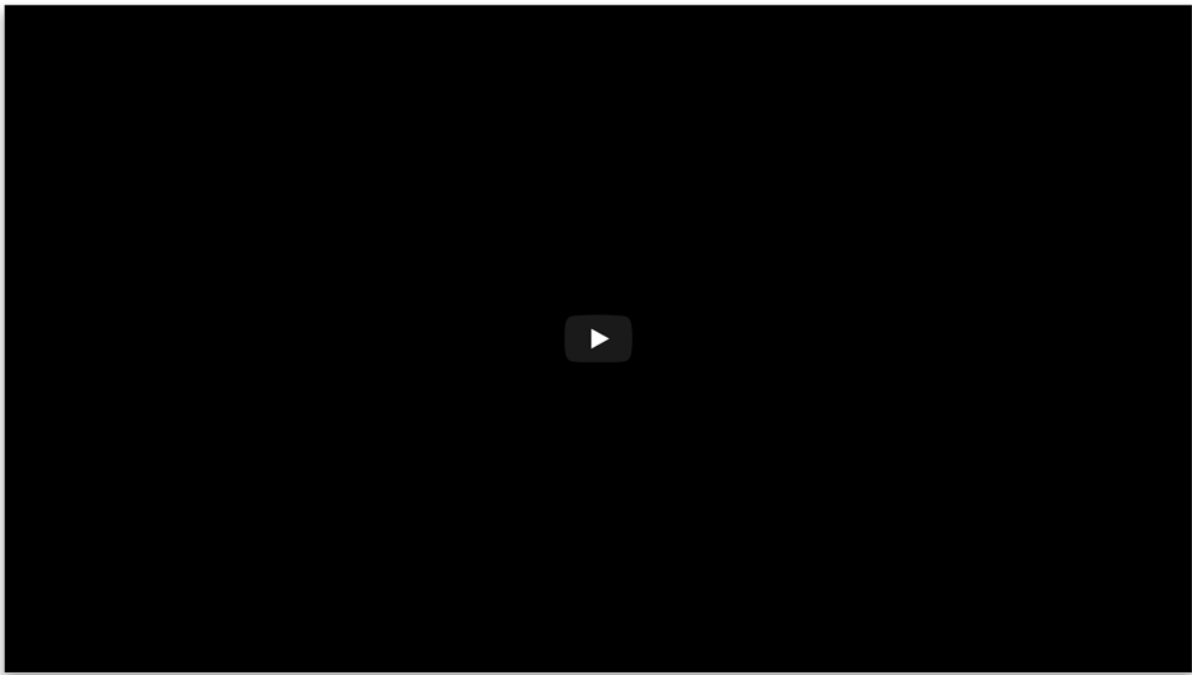

**Rifle Bolt Colors:** silver, black, gold

**Strap colors (leather only):** Black, White

**Strap options:** Leather, Web (black), none

<b>Leather Strap</b>	\$37.50	\$35.75	\$38.75	\$38.75

HERE ARE SOME CONSIDERATIONS WHEN SELECTING THE PERFECT RIFLE FOR YOUR COLOR GUARD:

Choosing a rifle to compliment your group doesn't have to be a pain. But it does require knowledge of what will be best for your guard. DSI offers rifles that will fit your needs and are customizable. At the end of the day, there is no "bad" choice, but an ineffective choice could be the difference between an adequate guard and a spectacular one.
