October 15, 2017

This product is so poorly designed and I am surprised Adidas has such a terrible product. It is very hard to use- too much pressure is needed to get even a small amount of liquid out (no foam as advertised) and then it does not remove even the simplest stains on running shoes. The cap gets stuck on the brush when you are finished with it. A really useless product. I returned it the next day!! Don't buy it.
