OUR REF.: SYN 1902198

The above-identified applicant has a bona fide intention to use the above mark in commerce on or in connection with the following goods and asserts a claim of priority based upon the application identified below in accordance with Section 44(d):

Class 5: Pharmaceutical products for the treatment of cancer

Application to register said mark in France was filed on January 22, 2019 under Application No. 4517815. Applicant requests that said mark be registered in the United States Patent and Trademark Office on the Principal Register established by the Act of July 5, 1946.

The mark consists of the wording "SARCLISA" in a blue stylized font. Above the letters "I" and "S" are a red loop interlocking with a blue loop to form a knot. The sides of the red loop intersect at a single point on the left part of the knot to form a long red string that gradually fades above the letters to the left of the letter "I." The sides of the blue loop intersect at a single point on the right part of the knot to form a short string that gradually fades above the letter "A." The

curved edges of the blue loop appear in a lighter blue shade that gradually darkens as the sides of the loop intersect.

“SARCLISA” appearing in the mark has no significance nor is it a term of art in the relevant trade or industry or as used in connection with the goods listed in the application.

Applicant claims ownership of U.S. Registration No. 5479433.
