## 5 DOLLAR® TRAFFIC SCHOOL ONLINE

If you've received a ticket in California, you don't want that minor traffic error to mar your driving record. It can cause your insurance rates to increase. There are certain instances where you can go to traffic school to mask the traffic ticket. The insurance companies won't know you had a problem.

### DO I QUALIFY FOR TRAFFIC SCHOOL?

People qualified for traffic school have a few general requirements like having a valid driver's license, driving a non-commercial vehicle and a ticket that involves a moving violation. You must request traffic school from the appropriate court before starting your 5 DOLLAR® traffic school course. There's a fee with the court as well as a fine that must be paid before your course can begin. The court will give you a date to complete your course by.

### THOSE NOT QUALIFIED FOR TRAFFIC SCHOOL

In California, you can't have a speeding violation that goes over the limit by more than 26 miles per hour. If you've attended traffic school within the past 18 months, you are not eligible to complete traffic school to mask your ticket either.

### WHY 5 DOLLAR® ONLINE TRAFFIC SCHOOL?

When you opt for completing a traffic school course with 5 DOLLAR® online traffic school, you are avoiding the boring, tedious coursework available in a classroom. The courses available are ones that are approved by the California DMV. When you choose DOLLAR® traffic school, you're able to have instant access to the course and final exam that you need to pass.
