"Indie legend Super Meat Boy is as fast-paced and frantic as it is tough. The difficulty of this 2D platformer ramps up enough to challenge, but paces well enough to stave off frustration after dying repeatedly. Which you will do. A lot."

About Super Meat Boy

Super Meat Boy is a tough as nails platformer where you play as an animated cube of meat who's trying to save his girlfriend (who happens to be made of bandages) from an evil fetus in a jar wearing a tux.

Our meaty hero will leap from walls, over seas of buzz saws, through crumbling caves and pools of old needles. Sacrificing his own well being to save his damsel in distress. Super
