UniFirst presents revolutionary new workwear

MIMIX™ is taking the workplace by storm. UniFirst has partnered with Red Kap to offer these scientifically designed garments that are changing the way people think about workwear. Strategically placed flex panels maximize mobility and breathability. Bend, stretch, squat, and reach without feeling confined, because MIMIX™ is built for the way you move.

MIMIX™ Ripstop Work Shirts

A-C. Dramatically improve mobility and comfort with this innovative work shirt featuring specially placed mesh stretch panels on the back for extra durability and breathability. Lightweight ripstop fabric with Touchtex™ moisture-wicking technology provides superior color retention, soil release, and added breathability. Two button-through hex-style chest pockets (pencil stall on left), color-matched melamine break-resistant buttons, and a two-piece lined collar with sewn-in stays. Women's shirt has a gently contoured silhouette. 4.25 oz. 65/35 poly/cotton ripstop. MIMIX™ panels: 3.8 oz. performance mesh, 100% polyester. Machine wash. Imported.

Colors: Navy (05), Lt. Blue (09), Black (12), Charcoal (31), Lt. Grey (48)

UniFirst's Armorex FR® uniform

PROTECT WORKERS, COMPLY WITH SAFETY REGULATIONS, AND LIMIT LEGAL LIABILITIES.

Armorex FR® Flame Resistant (FR) work garments are made by UniFirst in ISO 9001-certified facilities to ensure the highest quality. Made from the most innovative and proven arc-rated FR fabrics on the market, they meet international ASTM protective standards, have all the durability and comfort of “traditional” work apparel, and are UL® Classified to meet NFPA 2112. Armorex FR® garments can also help you comply with NFPA 70E, CSA Z462, and OSHA. That's why Armorex FR® is the smart choice for any business implementing a new arc-rated Flame Resistant Clothing (FRC) program or looking to expand an existing one.

Armorex FR® Work Shirts

A. Color-matched, seven-button front. Full cut, banded collar, and back yoke roominess. Button-through flap pockets (left has pencil stall). Machine wash. Imported.

D

Armorex® COOL Work Shirts and Coveralls

ATPV 6.5, PPE 1

C-D. Armorex® COOL Flame Resistant (FR) garments are the perfect choice for at-risk workers seeking the coolest, most comfortable flash fire protection. Armorex® COOL is made of a lightweight Tecasafe® Plus 580 (5.8 oz./yd²), a tri-blended FR fabric from TenCate that provides more comfort than competitive products of similar fabric weight. UL® Classified to meet NFPA 2112; meets FR safety requirements of NFPA 70E (PPE 1), OSHA 1910.269, and CSA Z462. Machine wash. Imported.

C. ARMOREX® COOL WORK SHIRT

Dress shirt construction with button-down collar and pocket flaps improves professional appearance. Roomier design offers greater ease of movement. Outstanding moisture wicking. Longer shirrtail prevents "pull-out."

Colors: Lt. Blue (09), Khaki (87)

09FC S-XL **\$69.99** | 2XL-4XL **\$71.99**

D. ARMOREX® COOL COVERALLS

38-50 **\$139.99** | 52-60 **\$144.99**

Talls available 40-60 even chest sizes only

ARMOREX FR® FABRIC OPTIONS

UltraSoft® from Westex by Milliken, is an arc-rated 88/12 cotton/nylon blend. This comfortable fabric option is a classic choice for NFPA 70E, NFPA 2112, and OSHA compliance.

CXP® ("Next Generation" Nomex®), from Westex by Milliken, is an inherently Flame Resistant arc-rated fabric made of DuPont Nomex® III A. Noted for its protective qualities and increased comfort, feel, and breathability, this fabric complies with NFPA 70E, NFPA 2112, and OSHA standards.

Indigo™ from Westex by Milliken, is arc-rated 100% FR cotton denim that complies with NFPA 70E, NFPA 2112, and OSHA standards.

Tecasafe® Plus, from TenCate, is one of the most innovative arc-rated FR fabric options on the market. This soft, inherently Flame Resistant fabric is a tri-blend of FR fibers that offers superior flame protection, moisture wicking, and durability. Complies with NFPA 70E, NFPA 2112, and OSHA standards.

Nomex® III A is DuPont's classic aramid arc-rated fabric featuring inherent FR properties, along with static dissipative filaments to reduce static build-up. Complies with NFPA 70E, NFPA 2112, and OSHA standards.

ATPV RATINGS (ARC Ratings) and PPE CATEGORIES

When evaluating FR fabrics, hazard risk assessments and arc thermal performance value (ATPV or arc rating) should be taken into account. ATPV ratings appear on the labels of all UniFirst FR apparel.

Arc Thermal Performance Value (ATPV), also known as arc rating, represents the thermal exposure from an electric arc that will create a second-degree burn. All Armorex FR® clothing is labeled with ATPV values; the higher the number, the better the protection.

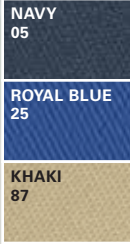

NFPA 70E Personal Protective Equipment (PPE) Categories are based on specific job tasks and range from PPE Category 1, which allows single-layer FR arc-rated shirts, pants or coveralls, up to Category 4, which requires a FR arc-rated shirt and pants, plus a double layer switching coat and pants. PPE Categories are used to determine the necessary arc rating of a garment worn for a given task.

FR GARMENT PERSONALIZATION

To comply with flame resistance safety guidelines, UniFirst recommends only standard size company and wearer name emblems on chest for personalization. Any other personalization options on FR garments, including those that utilize FR emblems and/or FR thread, are at the discretion and the responsibility of the employer and/or end user.

Flame Resistant workwear that feels like everyday work clothing

A

Armorex FR® Coveralls

A. Built with all the comfort features of our popular UniWear® coveralls, including action-back construction, gusseted crotch, and concealed two-way breakaway safety zipper, these job-fitted FR work coveralls offer unequalled freedom of movement. CHOOSE YOUR LEVEL OF PROTECTION

Visibility garment selection should be based on expected use settings and work activities being performed. These are designated as off-road (type O), roadway and temporary traffic control (type R), or public safety activities (type P).

ANSI Type O, Class 1

Performance Class 1 offers the minimum amount of High Visibility materials to differentiate the wearer from non-complex work environments and is only appropriate for off-road environments.

ANSI Type R or P, Class 2

Performance Class 2 is considered the minimum level of protection for workers exposed to roadway rights-of-way and temporary traffic control (TTC) zones. Garments will have additional amounts of High Visibility materials that allow for better definition of the human form.

ANSI Type R or P, Class 3

Performance Class 3 provides more visibility to the wearer in both complex backgrounds and through a full range of movement by the required placement of background, retroreflective, and combined performance materials on the sleeves and pant legs (if present). Garments have an even greater minimum level of High Visibility material the apparel must contain. A garment or vest without sleeves worn alone is NOT considered Class 3 protection.

ANSI Class E

High Visibility garments that do not qualify as meeting the requirements of the standard when worn alone, but when a Class E item is worn with a Class 2 or Class 3 garment, the overall classification of the ensemble is Class 3.

Enhanced Visibility

For workers who are working in lower-risk environments, but who can still benefit from the extra security of heightened visibility, particularly in low-light conditions. Enhanced Visibility garments are not ANSI rated.

Garment Personalization

To comply with safety guidelines, UniFirst recommends only standard size company and wearer name emblems on chest for ANSI-rated High Visibility garment personalization. Any other personalization options are at the discretion and the responsibility of the employer and/or end user.

High Visibility Black Bottom Shirts

ANSI Type R or P, Class 3

C. Stay clean, dry, and comfortable with this ANSI-rated wicking birdseye shirt. Left chest pocket and 2" silver retroreflective striping on front, back, shoulders, and sleeves. Black bottom to hide dirt. 3.8 oz. 100% polyester. Machine wash. Imported.

Personalization and ordering information

DELIVERY CHOICES

(See Order Form page 74)

Regular Delivery: Your order will be shipped within the contiguous 48 states. Please refer to the chart on the order form to calculate the shipping charges.

Express Delivery: Available to most U.S. addresses. Add \$15.00 to regular shipping and handling charges from the chart on the order form. Alaska and Hawaii are express delivery only. Add \$20.00 to regular shipping and handling charges. You will receive your order one business day after we ship it.

EXCHANGES AND RETURNS

If you're not satisfied with a product, return it to us within 120 days of purchase and we'll refund your money or replace your purchase with something you like better. Please refer to your packing list or call our Customer Service department for assistance at **1.888.786.4347**.

PERSONALIZATION INFO

Call **1.888.786.4347** to speak with one of our customer service representatives for assistance with your personalization needs. We can use your business card, stationery, or electronic art files to create your design. Once you have approved your design, there is a first time setup fee of \$79.99. Then you'll only be charged the application fees. Authorization and licensing fees for the use of copyrighted or trademarked designs are the responsibility of the orderer.

ORDERING IS EASY!

We offer four convenient ways for you to place your order.

ORDER BY PHONE: 1.888.786.4347
Our knowledgeable and friendly customer service staff is available to take your call Monday – Friday from 7 a.m. – 6 p.m. CST.
