NORTHEAST'S PREMIER RESIDENTIAL SPORTS VENUE

**WELCOME TO GOLDEN GOAL SPORTS PARK**

---

## Our Story & Philosophy

## Our Story & Philosophy

Golden Goal is designed from the ground up to provide athletes with everything they need to reach the next level. Built in 2007 to be the perfect sports retreat, Golden Goal has evolved into the ultimate residential training facility that caters to professional organizations, clubs, colleges, academies, high schools and travel teams alike.

## Facilities

Golden Goal's Olympic-inspired Athletes Village can sleep over four hundred guests in our eighteen residential cabins. After each of our three nutritious meals in our brand new structured dining pavilion, players spend the day training on our pristinely-kept turf and grass fields and can enjoy over a dozen different downtime activities.

## Location

# THE FACILITY

## Welcome to Golden Goal

Built in 2005 with no expense spared, Golden Goal is nestled in an idyllic location at the foothills of the beautiful Adirondack mountains. Less than twenty minutes from Lake George, the combination of professional-grade facilities and idyllic surroundings make the park a popular destination for elite academies, college teams, international clubs and everyone in-between.

Whether you're in town for a residential team-building event, a competitive dedicated tournament or elite programming from top coaches, the quality of finish and attention to detail will make your visit to the facility an experience of true quality.
