## iTunes Review

2018 seems light-years away from the time when Migos felt so implored to stake a claim in hip-hop that they'd call their sophomore album *Culture*. And yet, *Culture II* arrives only a year after its predecessor, Migos having fully established themselves as three of the most influential voices in rap. This latest offering is a flex, the group delivering no less than 24 tracks of their signature multisyllabic, baton-passing raps. The party starters are here ("Walk It Talk It," "Auto Pilot"), but they've allotted themselves room to experiment, as on the funky Pharrell collab, "Stir Fry," and...
