NEVER. MOW. AGAIN.

Buzzer brings you the ability to automate your lawn mowing with the incredible technological precision of the Husqvarna Automower® robotic mower.

CLEAN | GREEN | QUIET

ABOUT US

Buzzer is a locally owned and operated family business dedicated to bringing automated mowing technology to commercial and residential clients in the Des Moines, Iowa area and beyond. Owners Dee, Emily, and Josh are passionate about this technology and look forward to helping more people spend quality time NOT mowing their lawns!

Josh has been in the lawn care and erosion control industry since 2010 and knew that robotic mowers would be the lawn care wave of the future. He saw an opportunity to help bring these machines to his community, and with the help of his wife, Emily, and his mom, Dee, the three have embarked on this wild adventure of starting Buzzer— a company whose focus is to help you spend more quality time enjoying your lawn, not maintaining it.

Lease your Husqvarna Automower from Buzzer today!

BUZZER™

LEASE YOUR ROBOTIC MOWER FROM US AND FORGET ABOUT MOWING ALL SEASON LONG.

HOW BUZZER™ ROBOT MOWER SERVICE WORKS

SATELLITE MAP

Sign up so we can get started on your FREE basic estimate based on a satellite view.

ON SITE EVAL

We'll fine-tune the details of your property, Q&A, & provide an accurate leasing quote.

INSTALL

We'll install the buried boundary wire, set up the robot, and test the area.

ADJUSTMENT

At 2-4 weeks we'll adjust the device to ensure accurate coverage of your property.

MAINTENANCE

Sign up for regular maintenance services to keep your robot in top shape.

TRIMMING

We also offer human-powered trimming service if you don't want to do it yourself.

WEED & FEED

For the perfect looking lawn, add weed & feed to your package.

STORAGE

We will store your robot over the winter for safekeeping.
