### **We have seen the best and worst of American politics.**

We understand that action must be taken, now, to protect the institutions that have made the United States the greatest nation the world has ever known.

### **OUR MISSION**

Defeat President Trump and Trumpism  
**at the ballot box.**

We do not undertake this task lightly nor from ideological preference. Our many policy differences with national Democrats remain. However, the priority for all patriotic Americans must be a shared fidelity to the Constitution and a commitment to defeat those candidates who have abandoned their constitutional oaths, regardless of party. Electing Democrats who support the Constitution over Republicans who do not is a worthy effort.

### **Our Inspiration**

President Abraham Lincoln led the United States through its bloodiest, most divisive and most decisive period of our history. He fought not because he wanted to, but because he knew the dual goals of preserving the Union and the end of slavery would be achieved only through armed conflict.

Lincoln always kept the enormous human cost of the struggle in the front of his mind. At Gettysburg, he implored us not to forget those that had given “their last full measure of devotion” to preserving the American experiment. As it became clear that the Union would be victorious, Lincoln’s thoughts turned to how the nation would “bind up its wounds” and move forward together.

Today, we find ourselves divided again – sectionalism in the country and factionalism in government has led to ever uglier examples of how our political system is failing. President Donald Trump and those who sign onto Trumpism are a clear and present danger to the Constitution and our Republic. Only defeating so polarizing a character as Trump will allow the country to heal its political and psychological wounds and allow for a new, better path forward for all Americans.

Next fall's elections will be about much more than just who controls one house of Congress or the White House. Next November, the American people will decide the path for America's future. All of the prosperity and freedom we've come to take for granted depends on our public servants serving the Constitution first, last and always. Today, one party has abdicated that responsibility and instead pledged their loyalty to one person.
