## CLEANROOM CONSULTATION, DESIGN, ENGINEERING AND CONSTRUCTION SERVICES

- COVID-19™ services all industries to provide real world biohazard safety technology solutions in the fight to prevent transmission of the COVID-19 Novel Corona Virus.
- We offer turnkey pre-built mobile/relocatable modular cleanrooms, and permanent structural cleanroom solutions.
- The COVID-19™ Partners Consulting team of industry experts specialize in structural assessment, cleanroom consultation, design, engineering, and the construction of turnkey cleanroom installations across all industries that require controlled environments. When you work with COVID-19™ you are guaranteed the most state of the art technology and the highest quality of specialized engineering for your cleanroom project.
- COVID-19™ serves the the following industries: medical, financial, data center and IT infrastructure, aerospace, biochemical, nanotechnology, manufacturing, food processing, retail, hospitality and transport.
- Our cleanrooms are USP 797 and/or USP 800 compliant.
- For more information, and for an assessment of your companies needs please email: [info@covid19partners.com](mailto:info@covid19partners.com)
