The Satanic Temple works to advance campaigns that protect religious pluralism and defend individual sovereignty. The Satanic Temple fights for the abolition of corporal punishment in public schools, applies for equal representation when religious installations are placed on public property, and provides religious exemptions and legal protection against laws that unscientifically restrict women's reproductive autonomy. In addition, TST exposes harmful pseudo-scientific practitioners in mental health care, organizes clubs alongside other religious after-school clubs in schools besieged by proselytizing organizations, and engages in other advocacy in accordance with our tenets. Your tax-deductible contribution helps us attain these goals.
