PremierPro Equipment Repair

Marketing Literature

Premier Contract Number: PP-MM-741
Category: Surgical Instrument and Scope Repair

Premier's wholly owned subsidiary, S2S Global, has partnered with industry leader Northfield Medical to bring unprecedented savings to our membership in equipment repair via the trusted PremierPro® brand. Our PremierPro Equipment Repair service agreement, powered by Northfield, covers required repairs for an identified list of equipment which could include all modalities from all different OEM manufacturers.

- Flexible Endoscopes
- Rigid & Specialty Endoscopes
- Surgical & Specialty Instrumentation
- Power & Video Equipment

Through our exclusive service delivery partner, Northfield Medical, S2S Global is committed to doing business the right way. We understand that becoming a trusted partner takes hard work, integrity, compassion and complete transparency. We help our members achieve positive patient outcomes and increased financial savings by delivering exceptional service and uncompromised quality. Northfield Medical determines the expected level of repairs and costs upfront and performs ongoing data trending and analysis for your system. Any underuse of the agreement is rebated back to the member; any overages are absorbed by us.

Please contact your PremierPro sales representative to learn more about this unique offering.
