Early Childhood and Out of School Time Services Program (ECOSTS)

Child Care Assistance, which is a component of the Early Childhood and Out of School Time Services program (ECOSTS), is designed to assist the "working poor" or full-time students with the cost of child care for a maximum of one (1) year. This program handles child care subsidies for income eligible parent(s). In addition, child care information, referrals, and workshops for parents/providers are offered. The Adolescent Parent Program component of ECOSTS Services seeks to provide quality child care for children of adolescent parents who are full-time students. Information is available by calling program staff at 214-670-8838.
