Our Mission

To benefit our community and environment while garnering benefit from our waste resources by providing excellent customer services that promote waste reduction, resource recovery, and support to the City of Dallas sustainability efforts.

Zero Waste Plan: Vision and Goals

The City of Dallas will:

- Strive for sustainability by considering the entire life-cycle of products, processes, and systems;
- Demonstrate that the goals of economic growth, environmental stewardship and fiscal responsibility are inextricably linked;
- Reduce the volume of discarded materials and maximize diversion from disposal; and,
- Spur economic growth by recovering valuable raw materials and clean energy from discarded materials.

To realize this vision, the following goals were established for the Plan.

Click here to learn more, including how to claim an annual exception.

Contact Us

- 40 percent diversion by 2020;
- 60 percent diversion by 2030; and,
- Zero Waste by 2040.

Environmental Management System

An Environmental Management System (EMS) is the business system of "plan, do, check and act" applied to the management of environmental issues.

Sanitation Services is committed to continual improvement in its environmental performance and the prevention of pollution. To see more information about Sanitation Services' commitment to the environment, click here.
