## My Story

Shane Smoleny

Shane Smoleny is a registered CPO and CTA. He has a bachelor's degree in Mechanical Engineering and master's degree in Biomedical Engineering. He was a Physics instructor for 12 years and applies these principles to develop models for financial markets. Shane started the Wolftrader service over 10 years ago. He is a seasoned financial market research analyst who has created a variety of market tools to get an understanding of what's really going on in today's fast-paced markets. These tools include technical analysis, planetary cycles, planetary speed index, and of course the Fed Juice. He provides a daily market update where he posts information on 20 different commodity markets daily (including the Fed Juice).

## Goods Offered:

- Wolf Trader Futures is the only market newsletter that tracks the activities of the Fed and their direct influence on the market through the proprietary "Fed Juice".

*"Truly groundbreaking analysis! Shane's work offers a non-linear perspective on market trends that is not found anywhere else in the realm of financial decision making. His daily research and analysis adds an additional layer to the traditional micro- and macro- decision making process. Additionally,*

*Shane's "Fed Juice" analysis is unsurpassed. I highly recommend this service."*
