## About Us

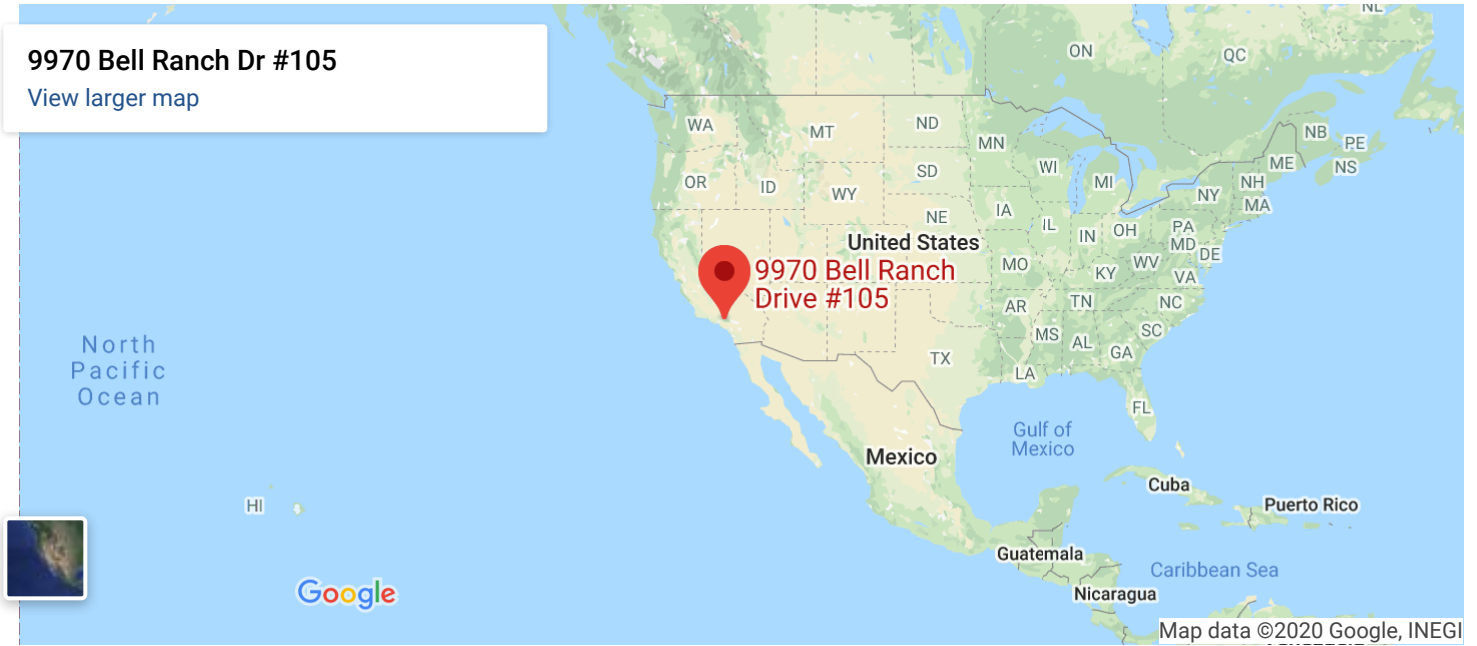

Jenifer King  
store owner

Poles and Holders is a father & daughter ran business. Family owned and operated for over 20 years. We offer the most complete line of mounts to accommodate any RV, Toy Hauler, truck, or car (if you don't see what you need, please give us a call and we will see what we can make for you). We pride ourselves and our company on many things: customer satisfaction, passion, commitment, reliable products, fast shipping, having our products in stock, loyalty, and a great sense of humor. You're dealing with a family owned company, not corporate America. Because we are RV'ers ourselves, we have been able to design and manufacture our product to the needs and make the mounts in house ourselves (MADE IN THE USA), which means the lowest cost and best quality. If we didn't believe in our product, we would not sell it. Our products are self explanatory and can be easily used by anyone. Poles and Holders offer affordable pricing, quality products, and fast shipping, with a great warranty. Where else can you buy a "toy" and if it breaks, send it back to us or bring it by the shop and get it repaired for free? Our customers are the reason for our success, and making sure they are satisfied with our product, is what we strive for. If you have any questions, please feel free to give us a phone call at (562) 946-9019. Thank you for visiting our website, we look forward to doing business with you soon.
